Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner maintains his rejection. Baker's components are attached to the mounting apparatus which can be replaced with Asia's caster table to allow easy switch over from one mounting operation to another different mounting operation. The subject matter of x- and y-direction moving rotory heads was disscused; however, it would raise new issues that would require further consideration and/or search. Further, there was a discussion regarding providing a plurality of mounting appartus located adjacent to each other along the same side path. This would require further consideration and/or search .
